# HARRY POTTER IN YIDDISH

FEATURING ARUN SCHAECHTER VISWANATH

Arun "Arele" Schaechter Viswanath grew up in Teaneck, New Jersey in a Yiddish- and Tamil-speaking home. His desire to translate Harry Potter grew from a strong feeling that a translation of such a popular children's novel into Yiddish would be a boon and a resource for Yiddish students and teachers, Yiddish-speaking children and parents, and the Yiddish world more broadly.
